

# ACTIVISION<sup>®</sup>

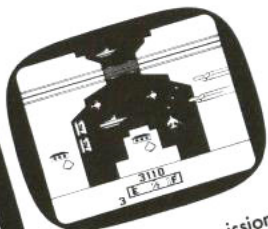

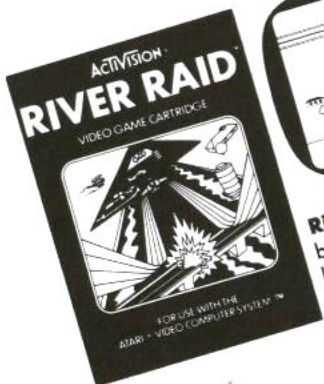

**Video Game Cartridge Catalogue**

for the Atari<sup>®</sup> 2600<sup>™</sup>  
and the Atari<sup>®</sup> 7800<sup>™</sup> ProSystem

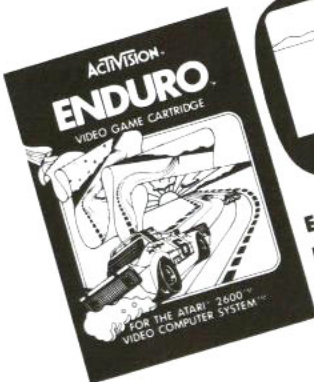

The moment you insert your Activision<sup>®</sup>  
video game into your Atari<sup>®</sup> video  
computer system you will embark on an  
adventure that will leave other home  
video games behind.

**Ghostbusters™** Open your own Ghostbusters franchise. Purchase the equipment you need and the exciting hunt is ready to begin. A street map displays the city, the Temple of Zuul and advancing ghosts. Quickly plan your strategy and race down the avenues to intercept and trap the mischievous ghosts—or else get "slimed."

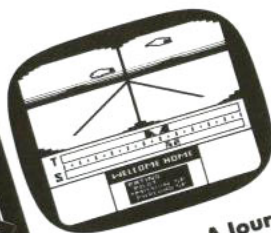

**River Raid** Your mission is to destroy enemy bridges, ships, aircraft and fuel depots along a heavily fortified inland waterway. You'll be coming in low, through a narrowing valley, and the enemy will be throwing everything it has at you.

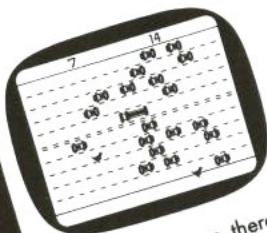

**Enduro** Fasten your seat belts, this high-powered, cross-country race winds like a bad mountain road. Your odometer registers mile after mile of changing weather conditions, shifting gears and squealing breaks—you're passing, always passing. Complete as many of the 99 days as you can.

2600™ Only

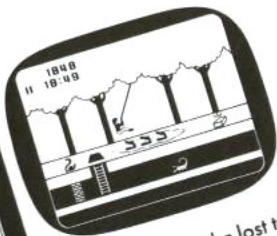

**Space Shuttle: A Journey Into Space**  
Up. Straight up. Soaring. Goodbye Earth. Blast away boosters. Open cargo bay doors and prepare to tackle orbital mechanics. Try to rendezvous with an elusive satellite. Finally: Contact. Then deorbit down through the atmosphere to land.

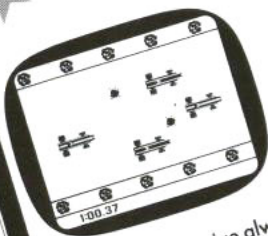

**Freeway** You see, there's this chicken. And he decides he wants to cross the road. Except this time the road is a freeway and it's rush hour! Your task is to guide the poor chicken to the other side of the freeway. Fast moving excitement for you and the chicken.

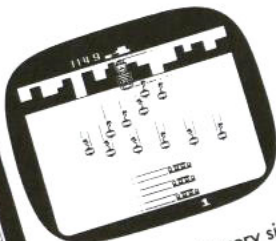

**Boxing** At the sound of the bell, come out swinging. Go toe to toe with the computer or a friend. The action is fast, furious and exhausting. Be careful not to get pinned to the ropes—knock outs are part of the action, too!

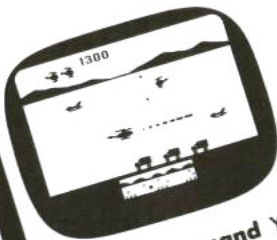

**Pitfall** Seek out the lost treasures of an ancient civilization deep within the jungle. Swing through trees, jump over bottomless pits and journey through underground passageways, avoiding the crocodiles, cobras, scorpions and quicksand.

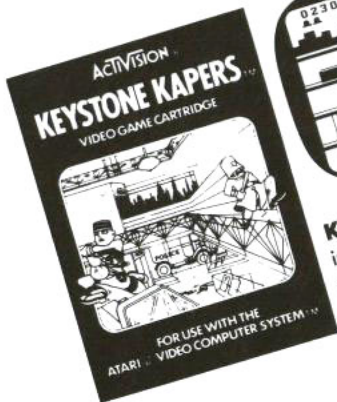

**Grand Prix** You've always wanted to drive in the big race. Well, here's your very own Grand Prix. You'll steer a course around other drivers, ease by oil slicks, zoom across bridges, with time your foremost enemy. All the sound and fury of the real thing. Gentlemen, start your engines.

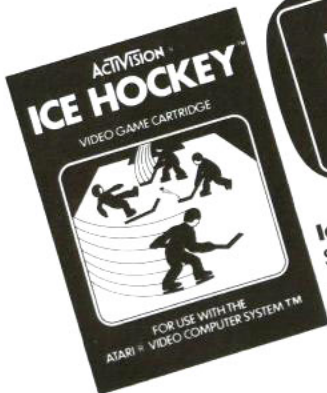

**Kaboom** It looks very simple. You have three buckets of water. The guy up on the wall has a bunch of bombs. He tosses the buckets of water, and you catch them in the buckets of bombs. But, before you know it the bombs are falling at a rate of 13 per second! Is the hand really quicker than the eye? Try Kaboom! And find out.

**Chopper Command** You're flying escort for a truck convoy of medical supplies. Suddenly, enemy aircraft show up on your long range scanner. You whip your chopper around, blanketing the sky with laser rockets. The enemy responds with multi-warhead missiles. This could be the most demanding video battle ever conceived!

**Keystone Kapers** Start with one greedy burglar in a large metropolitan department store. You're the policeman assigned to stop him. From floor to floor, up and down escalators and elevators, the chase is on. Time is of the essence; if the bad guy gets to the roof he's gone.

**Ice Hockey** Face off! Fight for the puck. Skate down ice past the defender for a slap shot. Then hurry back on defense as your opponent's goalie makes a remarkable save and a long pass to his forward. Here's fantastic head-to-head competition right at your fingertips.

**Coming  
this  
summer!**

**Kung Fu Master** The coin arcade and home computer hit! Become the Kung Fu Master as you punch and kick your way past countless opponents. If you can battle your way from the first to the fifth floor of the temple, the fair maiden awaits your rescue!

Dear Customer:
